UTAH FOOD PRODUCTS COMPANY FEEDS U.S. SOLDIERS

- Shirley J and Soldiers' Angels Partner to Deliver Food for Troops -

(Orem, Utah, May 26, 2011) – Just in time for Memorial Day, [Shirley J](#), a just-add-water cooking company with 30 years of commercial history and chef loyalty, has partnered with non-profit organization [Soldiers' Angels](#)—who also partners with Borders Bookstore and Harry & David to send food stuffs and treats to troops—to deliver much-needed food and meal options to servicemen and soldiers. The duo has joined forces to maximize consumer opportunity to ship care packages to American troops serving abroad.

Shirley J and Soldiers' Angels have selected four simple cooking products fitting for troops: [Shirley J Universal Sauce](#), [White Cheddar Soup and Sauce Base](#), [Universal Dessert Crème](#) and [BBQ Sauce Mix](#). All products come in powdered form and only call for water, qualities ideal for soldiers' conditions and international shipping.

“Our easy-to-use Universal Sauce and White Cheddar mixes provide the base—or end product—for thousands of soups, pasta sauces, casseroles and gravies, so they can really open up lots of cooking options for troops,” said Mike Olsen, Founder of Shirley J. “Our Dessert Crème acts similarly, but in the dessert realm, of course, and our BBQ

Sauce is an excellent way to bring a little bit of traditional American cooking to wherever our troops happen to be.”

Participating Shirley J customers should request that their orders be shipped directly to Soldiers’ Angels; the organization’s warehouse is in Texas, so customer shipping costs are minimal. Once the Shirley J products arrive to Soldiers’ Angels in Texas, they become parts of larger care packages that are then sent to specific—and in need—soldiers serving abroad and dining on monotonous meals.

“We’re very happy to add Shirley J to the family of companies who make it possible for us to send thousands of delicious care packages to America’s deployed servicemen and women every month,” said veteran Toby Nunn, Soldiers’ Angels Executive Director. “Troops in remote locations often rely on military MREs for meals, so the change of pace these soups and sauces will provide can be a real morale boost.”

Shirley J products may be purchased online at ShirleyJ.com. A number of other products—like just-add-water cookie, muffin and cake mixes—are also available to those who individually and directly ship packages to soldiers.

About Shirley J
